

# Ameen Jalal

Full Stack Developer | React.js | Node.js

📞 8596614074    @amin.works101@gmail.com    🌐 https://amin.plancv.com/    📍 Richmond, Kentucky

## SUMMARY

A skilled and motivated Full Stack Developer with 7+ years of experience in React, TypeScript, and Node. Committed to delivering high-quality results and working collaboratively in a friendly and dynamic environment.

## EXPERIENCE

### Senior Front End Developer

[fuuz.com](#)    📅 09/2023 - Present    📍 Rochester Hills, MI

Worked on the development of a browser-based application app Builder platform using React and Typescript and engaged in most complex user interface sections of this builder platform.

- Developed new features and enhancements for the application using React and TypeScript.
- Integrated the front end with GraphQL APIs with considering best practice.
- Optimized REST API calls to reduce load times resulting in a 15% increase in page speed.
- Collaborated with cross-functional teams to ensure timely delivery of project milestones.
- Debugged and resolved application issues to improve user experience.

### Senior Full Stack Developer

[facilityq.com](#)    📅 04/2022 - 09/2023    📍 Ferisno, CA

Worked as a Senior solo developer and developed an entire master planning platform for School Districts in California, using Next.js 14 and Node.js REST APIs, I implemented Interactive Map for each individual schools.

- Implemented for more than 200+ schools in entire California.
- Used React-Flow to implement an interactive map for each schools that user can click on each Building and Rooms to add information.
- Implemented Modern Analytics Charts for each School to illustrate the insights.
- Developed and Deployed REST APIs and integrated with Puppeteer for generating customizable reports.

### Senior Full Stack Developer

[plancv.com](#)    📅 01/2018 - 04/2022    📍 Richmond, KY

Plancv is a Resume Building Platform and users can build highly customizable resume, with using interactive environment. I worked as a Solo Senior Full Stack Developer. For entire project. And Developed using React.js, Typescript, Gatsby.js, Node.js, and Express.js

- Designed more than 18 Sections for Resumes which support dynamic templates, colors, and fonts.
- Developed the Resume Builder section with interactivity and dynamic size adjustment functionality for resumes.
- Integrated the Stripe payment gateway for recurring payments.
- Implemented 4 premium templates to give a user to change the resume templates based on the fields, and it its own desire.

## CERTIFICATION
